**THE INSTITUTE OF CHARTERED ACCOUNTANTS  
OF INDIA**

New Delhi, the 30th December 1974  
(CHARTERED ACCOUNTANTS)

No 25-CA(6)/70.—In supersession of the earlier Notification dated the 21st October, 1974 published in Part III Sec. IV of the Gazette of India dated 23-11-1974 and in pursuance of Regulation 16 of the Chartered Accountants Regulations 1964 it is hereby notified that Shri Vasant Vinayakrao Bapat of M/s. S. B. Dandekar & Co., Chartered Accountants, P-36, India Exchange Place, Calcutta (Membership No. 2643) having been found guilty of professional misconduct by the High Court of Calcutta and the High Court on 22nd January, 1974 having ordered that his name be removed from membership of the Institute for a period of two months, the Council of the Institute has accordingly removed his name from the Register of Members for a period of two months with effect from 21st October, 1974.

The 31st December 1974

No. 1-CA(77)/74.—The following draft of certain amendments to the Chartered Accountants Regulations, 1964, which it is proposed to make in exercise of the powers conferred by sub-sections (1) and (3) of section 30 of the Chartered Accountants Act, 1949 (Act XXXVIII of 1949), is published for information of all persons likely to be affected thereby and notice is hereby given that the draft will be taken up for consideration on or after the 10th February 1975.

Any objection or suggestion which may be received from any person with respect to the said draft before the date specified will be considered by the Council of the Institute of Chartered Accountants of India, New Delhi.

In the said Regulations :

1. In Schedule "BB",

(a) In Paragraph 1—"Admission to Entrance Examination"—after sub-paragraph (ii), insert the following proviso as first proviso : "Provided that a commerce graduate shall be exempted from appearing in Paper 1—"Elements of Accounting" and Paper 4—"General Commercial Knowledge and Economics" of the Entrance Examination" and add the word "further" after the word "Provided" in the proviso following it.

(b) In Paragraph 3, at the end, after the word "papers" add the following words :—

"in which he is required to appear under Paragraph 1 above."

2. In Schedule "BB",

In Paragraph 4—Admission to Intermediate Examination—add the following as the last proviso :

"Provided further that a candidate who had entered into articled or audit service before the 1st day of October 1973, and who opts to take his Intermediate and Final Examinations under this Schedule and exercises such option before 31st March 1975, shall be admitted to the Intermediate Examination under this Schedule subject to his satisfying the following conditions :—

- (i) that he is qualified to be enrolled as an articled or audit clerk under this Schedule;
- (ii) that he shall exercise the option only once and when exercised the option shall be final;
- (iii) that he shall take both the Intermediate and the Final Examinations under this Schedule;
- (iv) that he shall pay such additional fees as may be prescribed."

**OUTLINE OF THE INDUSTRIAL FINANCE CORPORATION OF INDIA***Incorporation and Purpose*

The Industrial Finance Corporation of India (IFCI) was established in 1948 under an Act of the Indian Parliament with the object of making medium and long-term credits to industrial concerns in India.

*Capital*

Fifty per cent of the paid-up capital now standing at Rs. 10 crores is held by the Industrial Development Bank of India (IDBI), which is a wholly-owned subsidiary of the Reserve Bank of India. The remaining 50% is held by scheduled banks, co-operative banks, insurance concerns and investment trusts, etc.

*Management*

The Board of Directors consists of a wholetime Chairman appointed by the Central Government after consultation with IDBI and twelve directors. Two directors are nominated by the Central Government and four by IDBI. Six directors are elected by share-holders other than IDBI.

*Functions and Lending Policies*

Any limited company or co-operative society incorporated and registered in India which is engaged, or proposes to engage itself, in the manufacture, preservation or processing of goods, or in the shipping, mining or hotel industry or in the generation or distribution of electricity or any other form of power, is eligible for financial assistance. Public sector projects are also eligible for financial assistance from the Corporation on the same basis as industrial projects in the private sector. Financial assistance, on concessional terms, is available for setting up industrial projects in certain industrially less developed districts in the States/Union Territories notified by the Central Government. Assistance may take the form of long-term loans—both in rupees and foreign currencies, underwriting of equity, preference and debenture issues; subscribing to equity, preference and debenture capital; guaranteeing of deferred payments in respect of machinery imported from abroad or purchased in India and guaranteeing of loans raised in foreign currency from foreign financial institutions. The resources of the Corporation are available for the setting-up of new industrial projects as also for the renovation, modernisation, expansion or diversification of existing ones.

*Sources of Funds*

The main sources of funds of the Corporation other than its own capital, retained earnings, repayment of loans and sale of investments, are borrowings from the market by the issue of bonds, loans from the Central Government and foreign credits.

THE YEAR IN BRIEF  
*Sanctions*

During the year ended the 30th June, 1974, the Corporation sanctioned net financial assistance of Rs. 39.31 crores for 90 industrial projects. The aggregate cost of projects for which assistance was sanctioned during the year is estimated at Rs. 253.66 crores.

Of the projects assisted, 53 were new projects accounting for about 68.0% (Rs. 26.71 crores) of the total sanctions for the year.

The total sanctions were spread over 14 States and one Union Territory. The Corporation sanctioned assistance for projects spread over a variety of industries.

The assistance approved during the year included Rs. 1.01 crores sanctioned to 4 private limited companies, of which three belong to the hotel industry and one is engaged in the manufacture of rubber products.

*Co-operative Projects*

During the year, financial assistance sanctioned for projects in the co-operative sector, which was entirely by way of rupee loans, amounted to Rs. 6.82 crores forming about 21.7% of the total rupee loan assistance sanctioned. This assistance has been in respect of five sugar co-operatives and five textile co-operatives.

*Projects in Less Developed Areas*

Of the 90 projects which were sanctioned assistance during the year, 29 projects would be located in districts notified by the Central Government as less developed. Assistance sanctioned to these projects, which included

4 projects in the co-operative sector, aggregated Rs. 14.56 crores, being about 37.0% of the total assistance sanctioned.

*Working Results*

The Working results for the year disclosed a gross profit before tax of Rs. 5.54 crores. After making provision for taxation to the extent of Rs. 2.29 crores, the net profit was Rs. 3.25 crores which was higher by Rs. 0.35 crores as compared with the previous year. Additions made to reserves were to the extent of Rs. 2.65 crores, bringing the total reserves of the Corporation to Rs. 20.97 crores. After writing off Rs. 0.51 crores as bad debts, the total reserves amounted to Rs. 20.46 crores and exceeded the paid-up capital by Rs. 10.46 crores.

*Offices of the Corporation*

The Branch Offices of the Corporation at Bombay, Calcutta and Madras were raised to the status of Regional Offices and the Delhi Division office started working as a Branch Office. Five new offices of the Corporation at Chandigarh, Bhopal, Cochin, Jaipur and Poona were opened during the year.

*Bond Issue*

With a view to augmenting its resources, the Corporation, made during the year, a Bond issue in June, 1974 for Rs. 7.25 crores which was fully subscribed.

*Foreign Credits*

A further line of credit for DM 8.00 million from the Kreditanstalt of West Germany was allocated to the Corporation. An allocation of UK credit to the extent of £ 1.00 million was made by the Government of India under the UP/India Capital Investment Loan, 1974.

*Disbursements*

Financial assistance disbursed during the year amounted to Rs. 30.26 crores of which cash disbursement amounted to Rs. 30.21 crores.

*Management Development Institute*

The Management Development Institute sponsored by the Corporation started conducting courses in various areas of management during the year. Till June 1974, the Institute had organised four courses, including one for the new entrepreneurs and technologists. There was an encouraging response to these courses.

*Financial of Hotel Projects*

During the year, Government of India transferred to the Corporation the business of the Hotel Development Loan Fund of the Ministry of Tourism and Civil Aviation.

*Benevolent Reserve Fund*

The Corporation has instituted a Technical Assistance Scheme for the training of officers of the State level financial institutions at the Head Office of the Corporation for a period of one month during which they would have the opportunity to study the policies, procedures and practices of the Corporation. The expenses relating to the implementation of the Scheme are being met out of the Benevolent Reserve fund.

The Corporation has been utilising the Benevolent Reserve Fund for meeting its share of the cost of preparing the feasibility reports on candidate projects identified in the various States in the industrial potential surveys, and in the setting-up of technical consultancy organisations in conjunction with the other all-India financial institutions.

Action has been initiated to create chairs in the field of development banking, financial and industrial management to be financed out of the Benevolent Reserve Fund.

**SPECIAL FEATURES OF ASSISTANCE**

- \* 29 project in less developed areas claimed 37% of total net sanctions.
- \* 10 co-operative projects claimed 17.3% of total net sanctions.
- \* 53 New projects were sanctioned assistance.
- \* 14 projects promoted by new entrepreneurs/technologists were sanctioned assistance.
- \* The total cost of 90 projects assisted this year was Rs. 253.66 crores, of which Rs. 96.68 crores or 38.11% represented the cost of projects in less developed areas.

*Report of the Board of Directors of the Industrial Finance Corporation of India for the year ended the*

30th June, 1974

The Board of Directors present herewith their Twenty-sixth Report on the working of the Corporation together with the audited Statement of Accounts, for the year ended the 30th June, 1974.

**REVIEW OF OPERATIONS DURING THE YEAR**

2. Gross financial assistance of Rs. 41.57 crores was sanctioned by the Corporation during the year. After cancellations, the net financial assistance sanctioned amounted to Rs. 39.31 crores for 90 projects. These projects with a total cost of Rs. 253.66 crores, cover a wide variety of industries. The details of assistance sanctioned for each of these projects, are given in Appendix A along with a brief description of the assisted projects.

The number of projects for which the Corporation sanctioned financial assistance along with other all-India financial institutions was 56 and their total cost amounted to Rs. 232.84 crores.

Some of the important projects in various sectors of industry for which assistance was sanctioned during the year are reviewed below :—

2-419GI/74

**PROJECTS ASSISTED DURING THE YEAR  
BASIC INDUSTRIAL CHEMICALS**

3. The Corporation sanctioned assistance aggregating Rs. 371.62 lakhs for six projects in the basic chemicals industry. With this, the total amount sanctioned by the Corporation to this industry amounted to Rs. 28.39 crores for 28 Projects.

Trace Carbide Ltd., was sanctioned assistance of Rs. 45 lakhs for its project envisaging the manufacture of calcium carbide with a rated capacity of 14,850 tonnes per annum. This project is being set up in the less developed district of Burdwan in West Bengal. Calcium carbide is the primary raw material for production of acetylene gas which apart from other uses is also used in the manufacture of organic chemicals and plastics. With acute scarcity of crude petroleum and its products, organic chemicals and plastics will have to be increasingly produced through acetylene derived from calcium carbide.

Two projects were sanctioned assistance for the manufacture of caustic soda and chlorine. One of them, Gujarat Alkalies and Chemicals Ltd., promoted by the Gujarat Industrial Investment Corporation Ltd., is being set up in District Baroda, Gujarat. Mettur Chemical and Industrial Corporation Ltd., one of our earliest assisted concerns, was sanctioned assistance for stepping up the capacity for the manufacture of rayon grade caustic soda and chlorine.

Tamil Nadu Chemical Products Ltd., a company in the joint sector, was sanctioned assistance amounting to Rs. 50 lakhs for setting up a new project in the notified less developed district of Ramanathapuram in Tamil Nadu. The project envisages the manufacture of 3,300 tonnes of sodium hydro-sulphite per annum which is increasingly in demand from textile and other industries. The Company has chosen for the first time in the country, the formate process for the manufacture of sodium hydro-sulphite.

#### *Glass Industry*

4. Five projects in the glass industry were sanctioned assistance amounting to Rs. 186.81 lakhs. Of these, three were new projects with an estimated total cost of Rs. 7.80 crores. The total assistance sanctioned by the Corporation to this industry till 30th June, 1974, aggregated Rs. 6.24 crores for 16 projects.

The Corporation sanctioned assistance of Rs. 30.00 lakhs to Uttara Khand Glass Works Ltd., for their project being set up in District Rae Bareli, a notified less developed district in Uttar Pradesh. This project proposes to manufacture 12,000 tonnes of amber and white glass bottles per annum. Also, Bottle Glass Ltd., was sanctioned assistance of Rs. 56.00 lakhs for their project envisaging the manufacture of 18,000 tonnes of glass bottles/containers and other hollow-wares per annum.

Northern India Glass Industries Ltd., was sanctioned assistance for its project which envisages the manufacture of 5 million square meters of sheet glass per annum. The project is being set up in District Rohtak, in Haryana.

#### *Electrical Machinery & Appliances*

5. The Corporation sanctioned assistance amounting to Rs. 183.10 lakhs for five projects in the electrical machinery and appliances industry. The Corporation's cumulative net sanction to this industry upto the 30th June, 1974, amounted to Rs. 15.19 crores for 37 projects.

The Corporation approved assistance of Rs. 80.55 lakhs to Willard India Ltd. This project envisages the manufacture of automotive batteries, stationary batteries, train lighting cells, hard rubber containers and PVC separators. This project is being set up in District Bulandshahr, U.P., a notified less developed district. The project is expected to provide direct employment to about 500 persons. It is expected that the company would produce batteries with reduced lead content and would, therefore, save foreign exchange as most of the lead is at present imported.

Madhya Pradesh Industries Ltd., was sanctioned assistance of Rs. 55.00 lakhs for its projects envisaging the manufacture of 60 million dry cell batteries per annum. This project is being established in the notified less developed district of Sehore in Madhya Pradesh.

#### *Iron & Steel and Ferro-Alloys*

6. Thirteen projects in the iron & steel and ferro-alloys industry were sanctioned assistance amounting to Rs. 798.94 lakhs. With this, the total assistance to this industry aggregated Rs. 32.87 crores for 50 projects upto the 30th June, 1974.

Out of the 13 projects in the iron & steel and ferro-alloys industry assisted during the year, eight were new projects, three were expansion schemes, one was sanctioned additional assistance to meet the over-run in its projects cost, while another was sanctioned financial assistance for the rehabilitation of its steel works to achieve its rated production target.

The eight new projects for which the Corporation has approved assistance included two projects for the manufacture of mild steel ingots, billets and four projects for the manufacture of mild steel, high carbon steel, alloy steel and spring billets. Out of the remaining two projects, one project, viz. Apollo Tubes Ltd., has been sanctioned financial assistance of Rs. 29.00 lakhs for its project envisaging the manufacture of 25,000 tonnes per annum of black and galvanised steel tubes and pipes. This project is being set up in the notified less developed district of North Arcot in Tamil Nadu.

Sandur Manganese and Iron Ores Ltd., has been sanctioned assistance by the Corporation for its project envisaging the manufacture of 24,000 tonnes of ferro-silicon per annum. Ferro-silicon is an important ferro-alloy used in the production of steel.

#### *Machinery*

7. The Corporation approved assistance amounting to Rs. 172.82 lakhs for four projects engaged in the manufacture of machinery. The Corporation's cumulative net sanction to this industry upto the 30th June, 1974, amounted to Rs. 23.06 crores for 51 projects.

The Corporation sanctioned assistance to S.R.P. Tools Ltd., for their expansion scheme envisaging the setting-up of a new unit for the manufacture of 4,000 numbers each of gear hobs and gear shaping cutters and 2,000 broaches per annum. The Corporation also assisted Anglo American Marine Co. Ltd., for the manufacture of gear hobs in different ranges with an installed capacity of 6,000 numbers per annum. At present the entire requirements of hobs and gear cutting tools in the country are being met through imports and these projects would help in import substitution.

Kirloskar Tractors Ltd., was sanctioned assistance for Rs. 70.39 lakhs for its project envisaging the manufacture of 6,500 agricultural tractors per annum of 30 H.P. to 60 H.P. ratings.

#### *Misc. Non-Metallic Mineral Products*

8. Two projects in this industry were sanctioned assistance of Rs. 80.32 lakhs by the Corporation. The total assistance sanctioned so far to the miscellaneous non-metallic mineral products industry amounts to Rs. 7.02 crores for 17 projects.

Indian Metals and Carbide Ltd., was sanctioned assistance by the Corporation for their project being set up in the notified less developed district of Koraput in Orissa. This project proposes to manufacture silicon carbide with an installed capacity of 600 tonnes per annum. The project will use indigenous technology developed by a national research laboratory.

#### *Metal Products*

9. The Corporation sanctioned assistance aggregating Rs. 126.29 lakhs for five projects for the manufacture of metal products. With this, the total amount sanctioned by the Corporation to this industry aggregated Rs. 10.16 crores for 28 projects.

Kumar Bronze Powders Ltd., was sanctioned assistance for the manufacture of 360 tonnes per annum of bronze powders and other metallic powders. This project is being set up in District Almora, a notified less developed district in U.P.

#### *Hotels*

10. The Corporation sanctioned assistance amounting to Rs. 365.50 lakhs for the setting-up of nine new hotel projects of international standards. This brings the Corporation's assistance to the hotel industry so far to Rs. 7.69 crores for 15 projects.

The Corporation sanctioned financial assistance to Maberest Hotels Private Ltd., for setting up a 3-star hotel at Panjim, in the notified less developed area of Goa. The hotel industry enjoys high priority in Goa, which has a considerable tourist potential.

G. L. Hotels Ltd., has also been sanctioned assistance for setting up a hotel of international standards in the notified less developed district of Aurangabad in Maharashtra.

#### *Sugar Industry*

11. Sugar industry was the second major beneficiary of the Corporation's assistance during the year. The Corporation sanctioned assistance amounting to Rs. 675 lakhs for 10 projects in the sugar industry. Five of these projects were located in the notified less developed districts.

The Corporation's total assistance to sugar industry amounted to Rs. 105.23 crores for 114 projects upto the 30th June, 1974.

During the year, five projects in the co-operative sector were sanctioned assistance amounting to Rs. 4.55 crores. This assistance was meant for establishing four new projects and in the case of the fifth project, the additional assistance approved was for meeting the over-run in its project cost. Two of the new projects are being set up in the notified less developed districts.

Five sugar projects in the corporate sector were also sanctioned assistance during the year. Of these, one was a new project and four were expansion schemes.

#### *Jute*

12. The Corporation sanctioned assistance of Rs. 93.74 lakhs for three projects in the jute industry, Rs. 63.00 lakhs being under the scheme of soft loans to the jute industry, Rs. 12.00 lakhs under normal terms and Rs. 18.74 lakhs as sub-loans in £ sterling. The total amount so far sanctioned to the jute industry amounted to Rs. 7.62 crores in respect of 14 projects, Rs. 650.56 lakhs being under the soft loan scheme, Rs. 90.50 lakhs on normal terms and Rs. 20.74 lakhs being sub-loans in £ sterling.

#### *Cotton and Woollen Textiles*

13. Thirteen projects in the cotton textile industry and one in the woollen textile industry were sanctioned assistance to the extent of Rs. 501.27 lakhs. The total assistance sanctioned to the industry so far aggregates Rs. 50.75 crores for 106 projects.

Five cotton textile projects in the co-operative sector were sanctioned assistance amounting to Rs. 226.50 lakhs. Of these, one is a new project and is being set up in the notified less developed district of Dharwar in Karnataka. Three more projects were approved assistance for their expansion schemes. The fifth project was sanctioned financial assistance for the purchase or certain equipment.

Nine other cotton and woollen textile projects were also sanctioned assistance aggregating Rs. 274.77 lakhs during the year. Of these, four were expansion schemes and three were modernisation schemes. Assistance for one project was sanctioned for setting up a new centralised textile processing house. A tufted woollen carpets project, which will be the second venture of its kind in the country, was also sanctioned assistance.

#### *Other Projects*

14. The Corporation also sanctioned assistance amounting to Rs. 375.89 lakhs for 14 projects in a variety of industries, such as, rubber products, fertilisers,

paper and paper products, transport equipment and parts, synthetic fibres, synthetic resins and leather products.

Assam Petro-chemicals Ltd., promoted by the Assam Industrial Development Corporation Ltd., has been sanctioned assistance by the Corporation for the manufacture of methanol, formaldehyde, urea formaldehyde adhesive and urea formaldehyde moulding powder. The setting-up of this plant in the State would result in continuous and dependable supply of urea formaldehyde resins which is required by the plywood industry, an important industry in the State.

Ashok Paper Mills Ltd., a concern already assisted by the Corporation, was sanctioned financial assistance during the year for their diversification project envisaging the setting-up of a plant at Jorhat, District Goalpara, Assam for the manufacture of electrolytic caustic soda/chlorine with an installed capacity of 25 tonnes per day. This unit is being set up to meet particularly the captive requirements of the paper unit of the company.

Fab Leathers Ltd., a project promoted by a new entrepreneur, was sanctioned assistance for the manufacture of finished leathers for shoe uppers and garments from wet blue hides with an installed capacity of 2.56 lakh sq. metres per annum. This project is export-oriented. The export of finished leathers in place of semi-finished leathers will help the country earn more foreign exchange.

#### *Applications for Assistance*

15. During the year, the Corporation received 106 applications for financial assistance from 103 concerns, including applications involving joint financing with other all-India financial institutions.

At the beginning of the year, applications from 31 concerns seeking assistance to the extent of Rs. 57.94 crores, including applications which involved joint financing with other all-India financial institutions, were being processed by the Corporation.

16. Gross financial assistance aggregating Rs. 41.57 crores was sanctioned during the year by the Corporation in respect of 92 applications from 88 concerns. Applications from five concerns including one involving joint financing were treated as withdrawn during the year.

17. At the end of the year, applications from 40 concerns for assistance aggregating Rs. 155.49 crores including applications which were intended to be financed jointly with other all-India financial institutions, were under various stages of processing.

18. A statement showing the particulars, State-wise, of applications under processing at the beginning of the year, and applications received sanctioned, or withdrawn during the year as also applications under various stages of processing at the end of the year, is given as Appendix 'D' to the Report.

#### *Some Special Features of Operations During the Year*

19. Assistance of the order of Rs. 26.71 crores (about 68.0% of the total assistance) was sanctioned for 53 new projects, while the balance of Rs. 12.60 crores was sanctioned for expansion, diversification, modernisation etc. of existing undertakings.

20. During the year, Government of India transferred to the Corporation the business of the Hotel Development Loan Fund of the Ministry of Tourism and Civil Aviation. Consequent to an agreement entered into between the Government of India and the Corporation, the existing business of HDLF has been taken over by the Corporation as agents of the Government.

21. The Corporation financial assistance of the order of Rs. 14.56 crores for 29 projects located in the notified less developed districts/areas. The total estimated cost of these projects was Rs. 96.68 crores of which the assistance sanctioned by the Corporation amounted to 15.1%.

22. Fourteen projects with an estimated cost of Rs. 22.94 crores promoted by new entrepreneurs and technologists were sanctioned assistance.

23. Eight joint sector projects with a total cost of Rs. 48.01 crores were sanctioned assistance amounting to Rs. 4.87 crores.

24. For the first time, assistance amounting to Rs. 1.01 crores was sanctioned to four private limited companies.

25. The Corporation sanctioned financial assistance to five sugar and five textile co-operatives with a total net assistance of Rs. 6.82 crores.

#### *Rate of Interest*

26. Earlier during the year, the Corporation, in line with the other all-India term lending institutions, increased by 1% p.a. the rate of interest charged on rupee as well as foreign currency loans. Consequently, the rate of was 9% (net) p.a. on rupee loans, 9½% (net) p.a. on sub-loans in foreign currencies and 7½% (net) p.a., subject to certain conditions, on rupee loans for projects located in the notified less developed districts/areas. The revised rates of interest became effective from the 12th July, 1973. They were made applicable

to all the rupee loans and sub loans in foreign currencies sanctioned on or after the 12th July, 1973 and also to all the rupee loans as well as sub-loans in foreign currencies which were sanctioned but in respect of which loan agreements had not been executed before the 12th July, 1973.

Subsequently, during the year, it was decided to extend concessional rate of interest of 9% (net) p.a. in respect of foreign currency loans, subject to certain conditions, for projects located in the notified less developed districts/areas.

After the close of the year, the Corporation has revised the rate of interest charged by it on rupee loans along with the other all-India term lending institutions, consequent to the increase in the Bank Rate from 7% to 9%. Accordingly the normal lending rate of interest that will be charged by the Corporation from its assisted concerns on rupee loans will be 10.25% (net) per annum. The rate of interest on rupee loans to industrial projects being set up in notified back-ward districts/areas, subject to certain conditions, will be 8.5% (net) per annum. Further, the rate of interest on soft loans to jute industry, export oriented cotton textile mills, and to the hotel industry has been fixed at 9.25% (net) per annum.

The revision in the rate of interest will be applicable to all rupee loans sanctioned after the 30th July, 1974. They will also be applicable to all existing rupee loan sanctions in respect of which the relative loan agreements had not been executed before the 30th July, 1974.

#### INDUSTRY-WISE DISTRIBUTION OF FINANCIAL ASSISTANCE

27. The industry-wise distribution of financial assistance sanctioned during the year under review as also the disbursements made during the year, are shown in Table 1. The industry-wise statistical data in the Report are presented according to the National Industrial Classification, 1970.

TABLE 1

Note : 1. Figures in brackets denote the number of projects in the co-operative sector.

2. Figures of underwritings, direct subscriptions and guarantees relate to the corporate sector.

29. The Corporation's assistance was spread over 14 States and one Union Territory. Industrial projects in seven industrially less developed States viz. Andhra Pradesh, Assam, Bihar, Madhya Pradesh, Orissa, Rajasthan and Uttar Pradesh and one Union Territory were sanctioned assistance to the extent of Rs. 14.89 crores representing 37.9% of the total sanctions.

Of the assistance sanctioned for projects in Maharashtra, projects in the co-operative sector claimed assistance of Rs. 2.27 crores which amounted to 29.8% of the total sanctions to the State.

30. The names of concerns in each State to whom financial assistance was sanctioned, with particulars of the relative projects assisted, are given in Appendix A to the Report.

TOTAL OPERATIONS FROM THE 1ST JULY, 1948  
TO THE 30TH JUNE, 1974

31. The total net assistance sanctioned upto the 30th June, 1974 amounted to Rs. 473.90 crores covering 671 industrial projects. This assistance was extended to 604 concerns. Disbursements amounted to Rs. 404.02 crores, of which cash disbursements were of the order of Rs.

352.27 crores. The total assistance outstanding was Rs. 223.67 crores at the close of the year under review. The following Table gives the number and amount of net cumulative sanctions, the amount disbursed and the amount outstanding as on the 30th June, 1974.

\*Includes direct subscription of Rs. 3.45 crores.

NOTE : The figures given in the table do not tally with those given in the Annual Reports for previous years on account of cancellations/adjustments subsequently made in the figures for the previous years.

### ASSISTANCE TO INDUSTRIAL CO-OPERATIVES

33. The Corporation, as in the past years, continued to give special attention to the financing of industrial co-operatives in general, and to sugar and cotton textile co-operatives in particular. As on the 30th June, 1974, the total assistance to the co-operatives by the Corporation amounted to Rs. 111.06 crores in respect of 122 projects; this was 33.9% of the total rupee loan assistance sanctioned by the Corporation since its inception. The major share of the assistance to industrial co-operatives aggregating Rs. 92.52 crores has gone to 91 sugar co-operatives, while Rs. 14.53 crores were sanctioned to 27 textile co-operatives. Assistance was also sanctioned to

one co-operative jute mill (Rs. 78.50 lakhs), one co-operative unit for the extraction of vegetable oil (Rs. 22.50 lakhs) and one cooperative in the fertiliser industry (Rs. 3 crores). Disbursements aggregated Rs. 92.34 crores. Of the total number of projects in the co-operative sector assisted by the Corporation upto the 30th June, 1974, fifty projects were located in the notified less developed districts. The amount of financial assistance sanctioned to these projects aggregated Rs. 46.64 crores.

34. The State-wise and industry-wise distribution of industrial co-operatives financed by the Corporation upto the 30th June, 1974, is given in the following Table :

TABLE 5

(Rs. Lakhs)

State/Territory	Sugar		Cotton spinning		Others		Total sanctions		% of the whole

\*Jute co-operative.

@One fertiliser co-operative having 2 units.

\*\*Vegetable oil extraction co-operative.

35. The Corporation continues to play a predominant role in the financing of sugar co-operatives. The total cost of 91 co-operative sugar projects financed by the Corporation was Rs. 199.09 crores, of which 46.5% was contributed by the Corporation as long term loans. The extent to which savings in the agricultural sector have been mobilised for productive purposes as a result of the catalytic role of the Corporation is evident from the fact that in respect of 91 co-operative sugar factories, as on the 31st March, 1974, producer members had contributed a sum of Rs. 42.61 crores as share capital; while contribution from others (viz., non-producer members, co-operative institutions and the rest) amounted to Rs. 4.61 crores. In addition, assisted sugar co-operatives which have gone into production have mobilised non-refundable deposits amounting to Rs. 26.07 crores out of the price of sugarcane payable to the growers.

36. Of late, the cost of setting up a sugar factory with a crushing capacity of 1,250 tonnes per day has gone up considerably and according to present indications, the

cost is likely to be over Rs. 600 lakhs. This steep rise in the cost has been mainly due to the escalation in the prices of plant and machinery. Because of this high capital cost the commercial viability of new sugar plants with an installed crushing capacity of 1,250 tonnes/day has become doubtful. The question as to what reliefs should be given to new sugar projects with high capital cost, is under consideration of the Central Government.

37. Till now only the Life Insurance Corporation of India has been participating with the Corporation in the financing of sugar co-operatives. With the steep increase in the capital cost of new sugar projects the demand on the Corporation for financing sugar co-operatives has gone up and it will not be in a position to meet the higher loan requirements entirely from its own resources. Association of other all-India financial institutions with the Corporation in the financing of sugar projects has, therefore, become necessary.

## ASSISTANCE TO THE CORPORATE SECTOR

38. The Corporation's financial assistance, since its inception, to the corporate sector has amounted to Rs. 362·85 crores in respect of 549 projects covering a wide variety of industries.

39. The industry-wise distribution of assistance sanctioned is given in Table 6. :-

**Rupee Loans**

41. Rupee loan assistance amounting to Rs. 216.54 crores formed 59.7% of the total assistance to the corporate sector. The disbursement of rupee loans to the corporate sector amounted to Rs. 186.30 crores.

**Foreign Currency Loans**

42. Foreign currency loans sanctioned by the Corpo-

ration to the corporate sector aggregated Rs. 54.55 crores while disbursements amounted to Rs. 46.18 crores.

The cumulative position relating to foreign currency loans as on the 30th June, 1974 is given in the following Table :

TABLE 8

Currency	Number of sub-loans	Sanctions (net)		Letters of Credit/commitments issued		Amount disbursed	
		Foreign currency (million)	Rupee equivalent (lakhs)	Foreign currency (million)	Rupee equivalent (lakhs)	Foreign currency (million)	Rupee equivalent (lakhs)
Deutsche Marks .. .. .. ..	152	135.72	2768.40	116.32	2370.53	110.14	2244.39

Pound Sterling .. .. .. ..	26	2.76	526.45	1.61	307.67	1.22	232.90
<b>TOTAL :</b> .. ..	<b>247</b>		<b>5454.61</b>		<b>4817.41</b>		<b>4618.40</b>

**Underwritings**

43. Upto the 30th June, 1974, the Corporation had sanctioned 367 applications for the underwriting of equity shares, preference shares and debentures for a net amount of Rs. 36.11 crores. The position in respect of the issues underwritten and finalised upto the 30th June, 1974, is given in Table 9:

TABLE 9

	Amount underwritten	Amount devolved	Percentage of (3) to (2)
1	2	3	4
Equity shares .. ..	1509.00	902.84	59.8
Preference shares .. ..	875.34	696.78	79.6
Debentures .. ..	998.00	841.53	84.3
	<b>3382.34</b>	<b>2441.15</b>	<b>72.2</b>

**Direct Subscriptions**

44. The Corporation sanctioned 38 applications for direct subscription for Rs. 344.94 lakhs which included Rs. 137.95 lakhs for equity shares, Rs. 24.99 lakhs for preference shares and Rs. 182.00 lakhs for debentures. Of these, direct subscription for 14 Rights Issues in respect of shares held by the Corporation in pursuance of underwriting obligations amounted to Rs. 41.08 lakhs.

**Guarantees for Deferred Payments for Plant and Machinery**

45. The net amount of guarantees for deferred payments sanctioned upto the 30th June, 1974 amounted to Rs. 28.87 crores in respect of 45 applications. The total amount of guarantees actually issued upto the 30th June, 1974 was Rs. 28.42 crores. The amount outstanding under guarantees as on the 30th June, 1974 amounted to Rs. 4.27 crores.

**Guarantees for Foreign Currency Loans from Financial Institutions Abroad**

46. As on the 30th June, 1974, the Corporation had sanctioned and issued guarantees for foreign currency loans amounting to Rs. 23.33 crores in respect of five applications. The amount outstanding in respect of these guarantees amounted to Rs. 5.07 crores as on the 30th June, 1974.

**PURPOSE-WISE DISTRIBUTION OF FINANCIAL ASSISTANCE SANCTIONED UPTO THE 30TH JUNE, 1974**

47. The purpose-wise classification of net financial assistance sanctioned upto the 30th June, 1974 along with the total cost of the projects financed by the Corporation is shown in Table 10:

TABLE 10

(Rs. Crores)

Purpose of financial assistance	Total cost of the projects	Net financial assistance sanctioned				
		Loans	Underwritings and Direct subscriptions	Guarantees for deferred payments and for foreign loans	Total	Percentage of (6) to (2)
(1)	(2)	(3)	(4)	(5)	(6)	(7)
New undertakings .. .. .. ..	1561.56	236.60	28.64	42.34	307.58	19.70
Existing undertakings for:						
(i) Expansion of existing lines of production ..	613.15	112.90	8.14	6.93	127.97	20.87
(ii) Modernisation and rehabilitation etc. ..	169.87	20.73	2.26	0.86	23.85	14.04
(iii) Diversification into new lines of production ..	63.96	11.91	0.52	2.07	14.50	22.67
<b>TOTAL</b> .. ..	<b>2408.54</b>	<b>382.14</b>	<b>39.56</b>	<b>52.20</b>	<b>473.90</b>	<b>19.68</b>

Assistance of the order of Rs. 307.58 crores being 64.9% of the total net assistance sanctioned by the Corporation was extended to new undertakings and assistance of Rs. 166.32 crores was extended to existing projects for expansion, modernisation and/or diversification. The total cost of the 671 projects for which the Corporation has so far extended financial assistance is of the order of Rs. 2408.54 crores, which is an index of the over-all resources mobilised for the completion of the projects.

48. The State-wise and industry-wise distribution of the net financial assistance sanctioned upto the 30th June, 1974 is given in Appendices B and C respectively to the Report. Appendix E shows the industry-wise distribution of the net financial assistance sanctioned in each State, as on the 30th June, 1974. In Appendix G, the net financial assistance has been classified according to the size of the amounts sanctioned.

#### ASSISTANCE TO PUBLIC SECTOR AND JOINT SECTOR PROJECTS

##### *Public Sector Projects*

49. Pursuant to a Government decision in 1970 the Corporation has been entertaining applications for financial assistance from public sector undertakings (irrespective of the extent of Government's shareholdings in them) on the same basis as applications from private sector concerns.

Accordingly, public sector undertakings, which were incorporated as public limited companies were eligible to apply to the Corporation for financial assistance for expansion, modernisation, diversification or for the setting-up of new projects. With the amendment of the IFC Act in December 1972, the Corporation can extend assistance also to public sector undertakings incorporated as private limited companies.

As on the 30th June, 1974, the Corporation had extended assistance amounting to Rs. 9.92 crores for 9 public sector undertakings in industries like fertilisers, cement, sugar, electrical machinery and appliances etc.

##### *Joint Sector Projects*

50. In recent years the State Industrial Development Corporations have been playing an important role in the promotion of industrial projects. Many of them have been issued Letters of Intent for setting up medium and large industrial projects.

The Corporation had, as on the 30th June, 1974, sanctioned financial assistance amounting to Rs. 11.48 crores for 13 projects in the joint sector in industries like glass, iron and steel, fertilisers, tractors, sugar and chemicals.

#### ASSISTANCE TO NEW ENTERPRENEURS AND TECHNOLOGISTS

51. It has been the Corporation's policy to help broaden the entrepreneurial base in industry by giving encouragement to new entrepreneurs and technologists to set up sound and viable industrial projects. With the amendment of the IFC Act in December, 1972, new entrepreneurs who may initially promote private limited companies could also be eligible for obtaining financial assistance from the Corporation for setting up medium sized industrial projects.

The Corporation's assistance over the years has gone to about 120 industrial projects promoted by new entrepreneurs and technologists in industries like engineering, textiles, chemicals, sugar, cement, paper and paper products, glass, hotels etc.

#### FINANCING OF HOTEL PROJECTS

52. In April 1968, Government of India notified a scheme known as the Hotel Development Loan Fund Scheme (HDLF) to stimulate the growth of hotels for foreign tourists. This scheme envisaged granting of loans on concessional terms to the hotel industry. Until recently, HDLF was being operated by the Ministry of Tourism and Civil Aviation. In November 1973, Government decided to transfer the responsibilities under the scheme from the Ministry of Tourism and Civil Aviation to the Corporation and since then, HDLF has ceased to entertain applications for loans for hotel projects.

53. Consequent to an agreement entered into between the Government of India and the Corporation in January 1974, the existing business of HDLF has been taken over by the Corporation as agents of the Government initially for a period of two years for disbursement, follow-up and recovery of the existing loans already granted by HDLF to the various companies. The agency arrangement covers 14 hotel projects for which HDLF has sanctioned assistance aggregating Rs. 615.59 lakhs. As agents of the Central Government, the Corporation shall have the powers and the rights available to the Government under the respective loan agreements entered into between the concerned hotel companies and the Government.

54. Consequent to the transfer of the business of HDLF to the Corporation, a separate Advisory Committee has been constituted with effect from the 1st December, 1973, for considering applications for financial assistance from the hotel industry.

55. Since December 1973, the Corporation has sanctioned assistance aggregating Rs. 3.30 crores for 8 hotel projects. With this, the Corporation's assistance to the hotel industry as on the 30th June, 1974 amounts to Rs. 7.69 crores for 15 projects.

#### ASSISTANCE TO INDUSTRIALLY LESS DEVELOPED REGIONS

56. The Corporation, conscious of its role as a development bank, has been playing an important part in the industrialisation of the less developed regions of the country. It has been paying particular attention to projects being set up in less developed areas. 29.0% of its total sanctions since inception has gone to projects located in less developed areas. Out of the cumulative financial assistance aggregating Rs. 473.90 crores sanctioned by the Corporation upto the 30th June, 1974, spread over 671 industrial projects, financial assistance for a total amount of Rs. 137.20 crores in respect of 191 industrial projects has gone to the notified less developed areas. This assistance has been sanctioned to a number of industries like sugar, cotton, textiles, cement, motor-cycle, scooter and parts, Jute textiles, fertilisers, basic industrial chemicals, metal products, miscellaneous chemical products, iron and steel, electrical machinery etc.

57. As part of its efforts to encourage industrialisation in the notified less developed districts/areas, the Corporation, in July 1970, offered a package of concessions to new projects in such areas. In January 1972 similar concessions were extended to expansion projects. The concessions were normally applicable to projects costing less than Rs. 1 crore. Recently, the scheme of concessional finance was liberalised and its scope enlarged to cover all industrial projects—new, expansion or rehabilitation—irrespective of their capital cost.

The salient features of the scheme of concessional finance are set out in detail in Appendix H to the Report. Briefly, these are: concession in the rate of interest, longer initial grace period and extended amortisation period depending on the merits of each case, reduced

margin of security, lower contribution by the promoters to the cost of the project and larger participation by the Corporation in the equity and preference capital of assisted projects and a 50% reduction in the Corporation's normal service charges in respect of commitment charge, underwriting commission, non-refundable examination fee for processing the loan applications and legal charges.

The overall ceiling in respect of loans extended on concessional terms from the Corporation individually, unless other institutions also participate and extend concessional finance upto Rs. 2 crores on a prorata basis, has been fixed at Rs. 1 crore.

These concessions can be availed of by industrial units in addition to the subsidy/grant offered by the Central Government to the industrial units in certain selected less developed districts/areas.

Under the scheme of concessional finance for projects in the notified less developed districts/areas introduced in July 1970, the Corporation had sanctioned till the 30th June, 1974, assistance totalling Rs. 34.02 crores for 53 projects (with a total project cost amounting to Rs. 135.20 crores) as could be seen from the Table given below :

TABLE 11

(Rs. Lakhs)

Type of facility	Assistance sanctioned	
	On concessional Terms	Total assistance
Rupee loans .. .. ..	3241.22	3363.22
Foreign currency loans .. ..	35.90	101.09
Underwritings/Direct Subscriptions .. ..	125.00	156.28
Deferred Payment Guarantees .. ..	—	31.58
<b>Total :</b> .. .. ..	<b>3402.12</b>	<b>3615.17</b>

The financial institutions are aware of the limitations of financial and fiscal incentives in promoting industrial development in industrially less developed areas. There are a number of other factors which need to be taken into account for developing a strategy whereby establishment of new industrial projects in industrially less developed areas is facilitated and accelerated.

58. Recently, the Corporation has been undertaking a number of promotional activities, both individually as well as jointly with other all-Indian financial institutions, for the industrial development of less developed areas. This has added a new dimension to the Corporation's activities.

59. The following Table gives the industry-wise distribution of assistance sanctioned to projects in less developed areas :

TABLE 12

(Rs. Lakhs)

## PROMOTIONAL ACTIVITIES

### *Benevolent Reserve Fund*

60. In December 1972, the IFC Act was amended in certain respects. Consequent to the amendment, a new section was incorporated for the creation of a Benevolent Reserve Fund to be utilised for social objectives, such as financing the cost of feasibility studies, techno-economic surveys and project reports, assisting projects promoted by new entrepreneurs and technologists, especially in less developed areas, the promotion of research in development banking and in financial industrial management by creation of chairs in Universities and other academic institutions, providing training to the personnel of financial institutions etc. A sum of Rs. 40 lakhs was transferred to the Benevolent Reserve Fund out of the profits of the year ended the 30th June, 1973. This year, it has been decided to transfer to the Fund a further sum of Rs. 40 lakhs out of the current year's profits of the Corporation.

### *Project Promotion*

61. As already stated in the last year's Report of the Board of Directors, the Corporation has participated in surveys of less developed States/Union Territories sponsored by the Industrial Development Bank of India, with a view to assessing their industrial potential and for identifying projects which could be implemented over the short term. The Corporation's share of expenses relating to these surveys was met out of the Benevolent Reserve Fund.

In order to ensure necessary follow-up action in the implementation of the candidate projects identified in the survey reports, the Corporation has also been actively participating in the deliberations of the Inter-Institutional Groups which have been established as an informal body in the various States by the all-India financial institutions.

62. The Corporation along with the other two all-India term lending financial institutions has been commissioning feasibility reports as part of their promotional effort, on candidate projects identified in the various States in their industrial potential surveys. These reports are commissioned with a view to attracting the attention of potential investors to promising projects. The cost of preparing these feasibility reports is shared among the three financial institutions.

### *Technical Consultancy Organisations*

63. In February 1972, the financial institutions had jointly set up a technical consultancy organisation in Kerala known as the Kerala Industrial and Technical Consultancy Organisation (KITCO) and another similar organisation called the North-Eastern Industrial and Technical Consultancy Organisation (NEITCO) was set up in May 1973, in the north-eastern region to cater to the needs of Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram Nagaland and Tripura.

The Corporation has decided to participate in similar technical consultancy organisations being set up in Bihar and Uttar Pradesh as also a regional consultancy organisation to serve the States of Andhra Pradesh and Orissa. The Bihar Industrial and Technical Consultancy Organisation was inaugurated on the 30th June 1974. Proposals for setting up similar Technical Consultancy Organisations in other States are under consideration.

### *Creation of Chairs*

64. Action has been initiated to create chairs in the fields of financial and industrial management and development banking.

### *Technical Assistance Scheme*

65. In order to share the Corporation's experience in the financing of medium and large industries with the State level financial institutions, the Corporation has instituted the Technical Assistance Scheme with effect from the 1st April, 1974. The Scheme envisages visits of selected officers of the State level financial institutions to the Head Office of the Corporation and its Delhi Branch for a period of one month during which they would have the opportunity to study the policies, procedures and practices of the Corporation. The expenses being incurred under the Scheme are being met out of the Benevolent Rescrve Fund. The response to the Scheme has been quite encouraging.

### MANAGEMENT DEVELOPMENT INSTITUTE

66. It may be recalled that the Management Development Institute, sponsored by the Corporation, was inaugurated last year on the 8th March, 1973 by Mr. Hans Erich Bachem, Member of the Board of Management, Kreditanstalt-fur-Wiederaufbau, Federal Republic of Germany. The main objective for which the Institute has been set up is to provide training in modern management techniques to the Corporation's clients, particularly to new entrepreneurs and technologists, who, for the first time, promote an industrial project with financial assistance from the Corporation and also to impart training in development banking to the staff of the Corporation as also to the staff of the financial institutions at the State and all-India levels.

67. The Institute has made a promising beginning, Dr. B. K. Madan, took full-time charge as Chairman on the 1st December, 1973. The core faculty has been recruited in the disciplines of Financial Management, Industrial Relations and Personnel Management, Marketing Management, and Training Methodology and Organisation and Methods. The Corporation has temporarily seconded to the Institute one of its seniors under for organising courses in the field of development banking. In addition to its own faculty, the Institute has been associating guest faculty from among top-level executives in industry who bring to the Institute their direct practical experience of management of industry.

68. The Institute has already held a number of seminars and courses in various areas of management. A list of the courses already held and proposed to be held during 1974 is given below:—

- (i) New Entrepreneurs and the Management Scene.
- (ii) Markeing—its role in Management.
- (iii) Decision Makers and Personnel Management.
- (iv) Management Challenges : Constraints and Opportunities.
- (v) Finance for Non-Finance Executives (for the non-financial officers of the Corporation).
- (vi) Organisation and Methods—An Administrative Strategy.
- (vii) Marketing—Management of Company Operations.
- (viii) Management of Sugar Industry : with special reference to co-operatives.
- (ix) Management of Development Banks—Seminar.
- (x) General Course on Development Banking.
- (xi) Legal Aspects of Development Banking.
- (xii) Managing the Personnel Function.
- (xiii) Workshop on Sugarcane Development.
- (xiv) Management of Current Assets.
- (xv) Financial Management.
- (xvi) Management of Textile Mills : with special reference to co-operatives.

The response from the Corporation's assisted concerns as also from others to the courses conducted by the Institute has been quite encouraging.

69. The Institute has been able to secure a temporary accommodation at Vasant Vihar, New Delhi on a lease for a period of 2 years. In the meantime, the Government of Haryana has been good enough to agree to give land at Gurgaon, near Palam Airport, New Delhi for building a campus for the Institute. The Corporation has already agreed to give an initial grant of Rs. 25 lakhs to the Institute towards the cost of establishing its own residential campus.

70. The idea of establishing the Management Development Institute has taken concrete shape with the help of KFW and the Government of India. The Institute is being financed out of the grants made available to the Corporation by the Central Government from the interest differential funds arising out of the various lines of credit in DM sanctioned to the Corporation by the Kreditanstalt-für-Wiederaufbau. In addition to grants from the interest differential funds, the resources of the Institute would be supplemented by grants from the Corporation.

#### END-USE SUPERVISION AND FOLLOW-UP

71. Like any other development bank, the Corporation has devised procedures for a proper end-use supervision and follow-up once the loan is sanctioned. This is necessary in order to find out if the assistance sanctioned by the Corporation is being properly utilised for the purposes for which it was sanctioned and whether the project is progressing according to schedule or not.

Until a few years ago, the end-use supervision and follow-up was primarily the responsibility of the branch offices located in the four metropolitan cities of the country. With the increase in the number of projects assisted as well as the fact that the assisted projects are located all over the country and in some cases in the interior villages, it became increasingly difficult to carry out end-use supervision and follow-up with the required frequency. The Corporation during the last three years has, therefore, opened twelve more offices in different States. Another office will be opened at Nagpur in the near future. These offices of the Corporation have been equipped with the necessary technical and financial staff who now undertake more frequent site inspections of the assisted concerns. The various offices of the Corporation are, therefore, in a position to undertake regular follow-up of the assisted concerns with necessary guidance from the Head Office.

The objectives of end-use supervision and follow-up can be enumerated as follows :—

- (i) To watch and ensure that the assistance is being utilised for the purposes for which it was sanctioned;
- (ii) During the construction stage, to assess whether the progress of construction is proceeding according to schedule;
- (iii) To assess whether the project will be completed within the original estimates of capital cost; if not, to what extent there is likely to be an over-run;
- (iv) Production performance and assessment of working results;
- (v) Efficiency of management;
- (vi) Regularity in submission of progress reports and returns;
- (vii) Special problems pertaining to any particular industry.

#### Procedures

72. The follow-up procedures devised by the Corporation comprise the following :—

- (i) Obtaining regular half-yearly progress reports on the prescribed forms;
- (ii) Carrying out site inspections of the factory and books of account of the assisted concerns at frequent intervals;
- (iii) Examining half-yearly/yearly statements of working results and financial position of the assisted concern; and
- (iv) Appointing, in suitable cases, official/non-official nominees on the assisted concerns' Boards to watch the interests of the Corporation and to report developments, if any, from time to time in regard to the operations and management of the company.

#### Progress Reports

73. Special forms have been devised for submission of progress reports, both during the construction and operation periods, keeping in view the special features of each industry. These forms have been evolved on the basis of the experience of the Corporation which shows that the main problems faced by an assisted concern during the construction stage relate to the arrangement of finance, delays in implementation, over-runs in costs beyond initial estimates and deficiencies in management. Apart from enabling the Corporation to advise the concern to take remedial steps, the progress reports help the Corporation to disburse funds for the projects in keeping with the progress achieved and the financial plan.

After completion of the project, the assisted concerns are normally required, until the loan is repaid in full, to submit half-yearly progress reports.

It is the responsibility of the various offices of the Corporation to obtain regularly the progress reports and take up necessary follow-up action. The reports are examined and any adverse features/irregularities found are brought to the notice of the assisted concerns directly by the office concerned under intimation to the Head Office of the Corporation.

#### Inspections

74. From the date the agreement is executed and so long as any part of the loan remains outstanding, the Corporation carries out site inspections both during the construction and operation periods of the project and inspects books of account of the assisted concerns. Such inspections are carried out generally by teams of financial and technical officers of the Corporation. A reasonable notice of about 10/15 days is ordinarily given to an assisted concern of the proposed inspection and for its preparing and furnishing the particulars and data for inspection. To facilitate proper inspection the assisted concerns are required to maintain records showing the expenditure incurred on the project, utilisation of the disbursements out of IFCI loan, progress of the project and the operations and financial working of the company. In carrying out technical and financial inspections, the officers of the Corporation visit the borrowers' factory, examine relevant records and accounts and also schedules, cost estimates, plans and specifications of the plant, etc. In these inspections, emphasis is more on discussing the matters and affairs personally with the concerned officials of the company and seeking necessary clarifications from them.

Further, the inspection team satisfies itself that the principal sum of the loan received from the Corporation is kept in a separate bank account and strictly utilised for the purpose, for which it has been sanctioned. All

releases of the loan amount are preceding or followed by a physical verification of the utilisation of the loan amount already disbursed and the progress made by the assisted concern towards the implementation of the project.

Where other public financial institutions are also involved, reports in regard to periodical inspections, unless carried out jointly, are mutually exchanged. Reports are forwarded in the case of sub-loans in foreign currencies of the respective foreign financial institutions, wherever necessary.

Apart from obtaining periodical progress reports and carrying out of site inspections, the assisted concerns are also required to send the annual audited balance sheet and circulars and minutes of shareholders meetings to the Corporation. The financial statements are carefully studied and analysed to assess their progress, profitability and other financial aspects compared with the performance of at least the preceding three years. In such an examination, apart from drawing conclusions in regard to the overall performance of the company, the unusual features or breach of covenants with IFCI, if any, are also examined.

#### *Nominee Directors*

75. An important feature in the building up of relationship between IFCI and the management of assisted concerns is the appointment of its nominees on their boards of directors. In pursuance of Section 25(2) of the IFC Act, the Corporation, as a matter of policy, reserves for itself the right to appoint two directors on the board of an industrial concern assisted by it. In the case of joint financing, the practice has also emerged of having one or more common nominees of the participating institutions, where agreed upon.

IFCI in exercising the right to nominate its representatives on the boards of all assisted concerns where substantial financial assistance has been sanctioned and/or where the conditions for conversion of loans into equity have been stipulated in the agreements for financial assistance, IFCI also uses its discretion in nominating directors on the boards of assisted concerns generally under the following circumstances:

- (i) where the Corporation's commitments are comparatively large;
- (ii) where defaults have been made in the payment of principal and/or interest on the Corporation's loan;
- (iii) where there are otherwise special circumstances calling for vigilance or a closer watch on the operations of the assisted concern.

The persons nominated as directors are either IFCI's on officers or non-officials; the latter generally being experts.

The persons nominated as directors by the Corporation hold office during its pleasure and are not liable to hold any qualification shares or to retirement by rotation. The nominee directors are expected to take active part in all deliberations of the Board meetings of the assisted concerns. Without interfering in the day-to-day management, the nominee directors are expected to participate in the discussions on all matter coming up at the Board meetings, specially those which have a bearing on the assistance by IFCI and affect its interest or are otherwise important as matters of public policy.

To enable the nominee directors to keep themselves in touch with the operations of the concern in matters like production in relation to installed capacity, sales, reasonableness of inventories and receivables, liquidity of the concern, meeting of statutory obligations, changes in key personnel etc., proforma have been devised on industry-wise basis for facilitating reporting of certain information and operational data by the companies for consideration at every meeting of the Board of Directors.

It will, therefore, be seen that the relationship between a financial institution and an assisted concern is a business relationship and it is but natural that the Corporation has to take steps not only to protect and safeguard its interests, but also to offer its advisory services. The Corporation, because of its considerable financial stake becomes a partner in the enterprise and is, therefore, deeply interested in its operations.

The follow-up procedures call for information which any prudent management would collect and study in its own interest. As such the follow-up procedures are not burden-some but, on the contrary, are an aid to efficient management.

#### GENERAL REVIEW OF INDUSTRIES PARTICULARLY IN THE FIELDS IN WHICH THE CORPORATION HAS RENDERED FINANCIAL ASSISTANCE

76. As against the rate of growth of 7.1% in 1972, the industrial production during the calendar year 1973 was virtually stagnant. One of the major factors which affected production in a wide range of industries was the severe shortage of power in many parts of the country. The country experienced an actual decline in power generation. Coupled with this were other factors like transport bottlenecks which affected the movements of essential inputs like coal, pig iron and cement, and disturbed industrial relations in a number of industries. Certain important industrial raw materials like caustic soda, soda ash, calcium carbide and industrial gases were in short supply. The prices of some of the crucial imported industrial raw materials rose sharply due to the world wide inflationary conditions.

During the year, Government announced certain decisions regarding streamlining of industrial licensing procedures. The new streamlined procedure for speedy clearance of applications for industrial licences under the supervision of the newly created Projects Approval Board, composed of Secretaries of the concerned Ministries, came into force from the 1st November, 1973. The performance of some of the important industries in which the Corporation has rendered assistance is reviewed in the following paragraphs along with the performance of the Corporation's assisted concerns in these industries based on a survey conducted in this regard.

#### *Cement Industry*

There are 51 cement units in the country with a total installed capacity of 19.76 million tonnes per annum. The production of cement during the year was 15 million tonnes which was lower by 0.7 million tonnes as compared to the production in 1972. The shortfall in production was due to the severe power cuts during the earlier part of the year followed by inadequate availability of railway wagons and poor supplies of coal and furnace oil.

During the year the Tariff Commission submitted its final report on the cement industry. Consequently, Government have fixed ex-works price of cement produced by all existing units at Rs. 131/- per tonne. This is exclusive of the selling expenses fixed by Government at Rs. 3/- per tonne including the present Selling Agency Commission of Rs. 1.25 per tonne.

The revised price will be in force till 31st March, 1979, subject to escalations on the first of July every year for variations on account of (i) wages and dearness allowance (ii) price of coal (iii) power tariff and (iv) freight on coal. The escalation in respect of wages and/or dearness allowance would be subject to the condition that the escalation formula would apply only when any general revision of wages and/or dearness allowance has the approval of the Government for the cement industry as a whole.

Most of our assisted concerns in the cement industry reported underutilisation of capacity due to reasons such as power shortages, non-availability of coal, operational problems, raw-materials shortage, unsatisfactory industrial relations and shortage of railway wagons.

#### Soda Ash

There are four units in production in the country with a total installed capacity of 5.08 lakh tonnes per year. Production in 1973 was 4.73 lakh tonnes as against 4.86 lakh tonnes in 1972. The decline in production was mainly due to power cuts and inadequate supply of hard coke, furnace oil, etc. Two of our assisted concerns fully utilised their capacity and one of them is now implementing a scheme of modernisation and expansion of its soda ash plant.

#### Caustic Soda

There are 29 units with an installed capacity of 4.39 lakh tonnes. The estimated production of caustic soda in 1973 was 4.05 lakh tonnes which was higher than in 1972. Due to power cuts, four of our assisted concerns could not utilise their capacity fully.

#### Paper

In 1973, there were 59 paper mills with an installed capacity of 9.62 lakh tonnes a year. Production of paper and paper boards in 1973 was 7.61 lakh tonnes as against 8.03 lakh tonnes in 1972. This shortfall in production was owing to inadequate supplies of coal due to shortage of wagons, shortage of cellulosic raw materials and chemicals, power shortage and unsatisfactory industrial relations. During the year prices of paper and paper boards increased very sharply due to acute shortage and rising costs of various inputs.

Most of our assisted concerns also reported shortfall in production, as they also had to face the same problems which afflicted the industry as a whole. The average utilisation of capacity was 78.3%.

#### Automobile Tyres and Tubes

The total installed capacity of automobile tyres and tubes was 5.45 million numbers and 4.76 million numbers respectively. The production of automobile tyres was 4.84 million numbers in 1973 as against 4.98 million numbers in 1972.

To meet the increased demand, Letters of Intent were issued by the Government to 14 units for a total additional capacity of 51.50 lakh numbers each of automobile tyres and tubes and approved capacities of five of the existing units have been enhanced for better utilisation of installed capacities.

Two of our assisted concerns reported profitable operations and one of them was engaged in setting up a second unit. The performance of another concern was unsatisfactory as it was affected by operational problems, power-shortages and disturbed industrial relations,

#### Fertilisers

During the year 1973-74, three more units were commissioned bringing the total installed capacity to 1,939,000 tonnes of nitrogen and 500,000 tonnes of P<sub>2</sub>O<sub>5</sub>. The production of nitrogen is expected to be about 1,050,000 tonnes during 1973-74, which was slightly lower as compared to the previous year. Production of phosphatic fertilisers which was 315,000 tonnes also showed a decline when compared to the previous year. Production was affected due to widespread power cuts, sharp increase in the prices of certain essential inputs like naphtha, phosphoric acid, rock phosphate, sulphur etc., which created problems both in terms of availability and increase in operating costs. Disturbed industrial relations also affected production.

One of our assisted concerns manufacturing urea fully utilised its capacity. However, it has reported difficulty in obtaining coal. Another concern manufacturing urea could not utilise its capacity fully due to power shortage and unsatisfactory labour relations. The production of another concern manufacturing urea, ammonium sulphate and D.A.P. was affected by power cuts and operational problems. This concern also reported difficulty in obtaining rock phosphate.

#### Glass

There are 6 units engaged in the manufacture of sheet glass with an annual installed capacity of 22 million sq. mtrs. Production of sheet glass in 1973 was 19 million sq. mtrs. Six Letters of Intent have been issued for the manufacture of sheet glass. With the implementation of these schemes, the installed capacity would increase to 53 million sq. mtrs.

Due to the increasing requirements of consuming industries like milk schemes, soft drinks, breweries etc., the demand for automatic machine made bottles has been increasing steadily. There are 23 units in production with a total installed capacity of 2,65,500 tonnes and production during 1973 was 1,80,000 tonnes.

Production also showed an increase in other sectors of the glass industry like vacuum flasks, laboratory glass-ware, table and pressed-ware, shells for G.I.S lamps and tubes and fluorescent lamps.

Production in some of our assisted concerns manufacturing glass bottles was effected due to power shortage, operational problems, raw materials shortage and unsatisfactory industrial relations. The utilisation of capacity of another assisted concern manufacturing figured and wired glass was affected due to raw materials shortage.

#### Agricultural Tractors

There are 8 units manufacturing agricultural tractors with a total installed capacity of 45,000 numbers. The production of tractors in 1973 was 23,497 numbers which was approximately 30% more than the previous year. Government has been assisting the existing manufacturers to increase production by importing components and raw materials.

The utilisation of capacity of one of our assisted concerns was low due to power cuts and raw materials shortage. Another assisted concern, which is in the State sector and which has taken up the manufacture of tractors based on completely indigenous design and knowhow commenced commercial production from April, 1974.

***Power Tillers***

The production of power tillers in 1973 was 747 numbers as against 149 numbers during 1972. The market for power-tillers has not picked up and efforts are being made to popularise the product and also to provide facilities for the small farmers to acquire power tillers.

One of our assisted concerns reported low utilisation of capacity due to power cuts and raw materials shortage. Another assisted concern went into production during the year.

***Ball and Roller Bearings***

There are seven units in production in the ball and roller bearings industry with a total installed capacity of 22.6 million numbers. The production of ball and roller bearings in 1973 was 28.0 million numbers. The major gap in domestic production is for special types of ball-bearings like double and multi row ball bearings, angular contact ball bearings, ball bushings, ball thrust bearings and combined ball and cylindrical roller bearings. Additional capacity is also required for the production of spherical roller bearings, cylindrical bearings, thrust bearings etc.

Two of our assisted concerns fared well though in one case its capacity utilisation was affected due to difficulty in getting raw materials like steel bars, wires, strips, balls and forged rings.

***Steel Pipes and Tubes***

At present 15 units are engaged in the manufacture of black and galvanised steel pipes. Their installed capacity is 11.1 lakh tonnes. In addition to the above, many units have been registered under the automatic registration scheme, under which a capacity of about 90,000 tonnes has been created. The production is estimated to be 3.7 lakh tonnes during 1973 as against 3.2 lakh tonnes in 1972. The industry faced acute shortage of skelp/strip as also power cuts.

Due to the difficult raw material position, the capacity utilisation of our assisted concerns was low. Some of them also reported difficulties in obtaining zinc.

***Motor Cycles, Scooters etc.***

The installed capacity of motor cycles, scooters, three-wheelers and mopeds during 1973-74 was 217,500 numbers. As against this, the production was 161,800. Twenty-nine Letters of Intent have been issued for the manufacture of scooters with complete indigenous know-how and without foreign collaboration.

The performance of our assisted concerns was generally good. However, most of them experienced shortage of raw materials like steel sheets and alloy steel as also of power. Two of the concerns reported unsatisfactory industrial relations.

***Bicycles***

As against the installed capacity of 38.49 lakh numbers of complete bicycles per annum, the production in 1973 was 25 lakh numbers.

Two concerns assisted by the Corporation increased their production during the year as compared with the previous year. However, both the concerns could not

utilise their capacity fully due to power cuts and shortage of raw materials like bars, rods, wire, strip, tubes and components.

***Sugar***

During the 1973-74 season, (till 15th August, 1974) production of sugar was about 39.14 lakh tonnes.

In order to augment sugar production, Government took a number of steps like continuing the basic minimum price of sugarcane payable by vacuum pan sugar factories at the existing level of Rs. 8/- per quintal linked to a recovery of 8.5% and below, with a premium of 9.4 paise per quintal for every 0.1 per cent increase in recovery above 8.5 per cent, excise duty rebate to encourage increased crushing particularly during the earlier and later parts of the sugar season, when the percentage of recovery is comparatively low.

As on the 31st March, 1974, the total number of co-operative sugar factories licensed/registered was 138. Of this, 90 co-operative sugar factories were in production during the 1973-74 season. The co-operative sector's contribution to total sugar production in 1973-74 season (till 15th August, 1974) was 15.33 lakh tonnes constituting about 39% of total production.

The performance of most of our assisted sugar co-operatives was satisfactory although they could not utilise their capacity fully due to inadequate sugarcane supply.

***Cotton Textiles***

There was a decline in the production of cotton textiles during the year as compared to the previous year. Though there was no serious shortage in the availability of cotton, the fall in the output of cotton textiles has been due to severe shortage of power.

The performance of most of our assisted concerns was satisfactory. However, their capacity utilisation was affected due to power cuts imposed in the various States.

***Jute***

The supply position of raw jute was comfortable with a crop estimated around 80 lakh bales. The production of jute goods which was estimated to be 11.58 lakh tonnes during the year was lower than the 1972 production due to frequent power cuts.

The performance of some of our assisted concerns was not satisfactory as they were affected by severe power cuts.

**PROGRESS OF REPAYMENTS**

77. Tables 13 and 14 show the amounts which were due by way of interest on loans and instalments of principal and the amounts that were realised during each of the last five years. They also show the amounts in default at the end of each of those years. The interest in default of Rs. 806.10 lakhs and the principal in default of Rs. 815.46 lakhs as on the 30th June, 1974 amounted to 4.17% and 4.22% respectively of the outstanding loans of Rs. 193.21 crores in respect of rupee and foreign currency loans.

TABLE 13  
Interest

(Rs. Lakhs)

Year ended the 30th June	Loans out- standing at the beginning of the year	Arrears of interest out- standing at the beginning of the year	Amount of interest due during the year	Total of columns 3 & 4	Amount of interest re- ceived during the year	Defaults of interest at the end of the year*

<b>TOTAL</b> .. .	<b>70</b>	<b>555.94</b>	<b>691.72</b>	<b>77</b>	<b>815.46</b>	<b>806.10</b>

The position of defaults in the engineering industry did not show much improvement during the year. The number of defaulting concerns was 26 as against 22 in the previous year. Shortage of power in the country and also shortage of raw materials, especially of steel and other components inhibited the proper functioning of the industrial units. The world-wide fuel crisis coupled with the steep price rise also aggravated the problems of the engineering units. Rising costs of production due to inflationary trends, weak and ineffective management in some cases and paucity of working capital partly as a result of uneconomic operations and partly due to credit control by banks were the other adverse factors which contributed in no small measure to the unsatisfactory position in the industry.

The number of defaulting concerns in the sugar industry went up from 8 to 11. This was due to the fact that the supply of sugarcane to various factories was considerably reduced due to drought conditions in the various parts of the country for the past few years. This affected the profitability of the units.

In the aluminium industry, two of the assisted concerns are not doing well. Aluminium industry being a power intensive one is facing difficulties due to the acute power shortage in the country. Further, the profitability of the industry has been considerably affected due to high power rates and steep rise in the cost of other raw materials.

The number of defaulting concerns in the rubber industry was two as against three in the previous year. The rubber industry has not shown much improvement in the year under review due to the rising cost of production and inflationary trends. The position seems to have been aggravated owing to the difficult power position, non-availability of adequate raw materials etc.

One of the paper projects in which the Corporation had substantial financial stake has been successfully rehabilitated as a result of financial reconstruction of the company and change of management.

One of the assisted concerns engaged in the manufacture of a basic drug—a broad spectrum antibiotic—started production from January 1973, under a rehabilitation programme for which one of the participating financial institutions sanctioned additional assistance. However, due to lower price fixed for the company's finished pro-

duct, its sales and profitability were adversely affected to the detriment of the expected rehabilitation of the project. The company has been allowed to undertake a diversification scheme to manufacture certain derivatives.

The number of defaulting concerns in the cotton textile industry was 12 as against 14 in the previous year. Most of the concerns which were in default during the previous year, were again unable to meet their commitments during the current year. As stated in the last year's Report, the settlement of dues of the Corporation in respect of some units taken over by Government is under negotiation with the National Textile Corporation. The projects in default are constantly under review. In regard to one closed textile unit, the Corporation, after getting a Receiver appointed through Court, succeeded in its rehabilitation by bringing about a change of management in favour of another experienced entrepreneur in the line.

The number of defaulting concerns in the jute industry went up from 1 to 2 during the current year. This was largely due to acute shortage of power.

Three concerns in the coal mining industry, assisted by the Corporation, were nationalised and under the statute, all dues to labour for arrears of wages, provident fund, gratuity, etc., have been given preference over secured creditors. The Corporation may not be able to realise its entire outstanding dues out of the compensation fixed for each of the three coal units.

During the year, some of the projects were granted additional financial assistance as a part of the overall schemes of their rehabilitation, in participation with other institutions accompanied by reliefs by way of rolling over of the loans, and postponement of payment of interest carrying appropriate stipulations regarding financial discipline and measures for strengthening/change of management.

The projects in default are constantly under review and necessary steps are being taken towards their rehabilitation. Wherever called for, the Corporation has been in touch with the other participating financial institutions to find solution to the problems of defaulting concerns.

The position of defaults in the payment of instalments of deferred payments guaranteed and met by the Corporation and interest and other charges due thereon for the last five years are shown in Table 16.

TABLE 16

(Rs. Lakhs)

Year ended the 30th June	Amount of arrears due at the beginning of the year	Defaults during the year	Total columns 2 & 3	Recoveries during the year	Amount of arrears out- standing at the end of the year
(1)	(2)	(3)	(4)	(5)	(6)
1970 .. .. .. ..	527.43	52.24	579.67	285.83*	293.84
1971 .. .. .. ..	293.84	25.71	319.55	2.72	316.83
1972 .. .. .. ..	316.83	32.10	348.93	112.22**	236.71
1973 .. .. .. ..	236.71	217.23	453.94	4.10	449.84
1974 .. .. .. ..	449.84	36.06	485.90	391.60	94.30

\*This amount included instalments in default aggregating Rs. 279.44 lakhs, which have been converted into new loans and for which extension of time was granted.

\*\*This amount included instalments in default aggregating Rs. 30.17 lakhs for which extension of time was granted.

### RESOURCES

#### Share Capital

79. The authorised capital of the Corporation stands at Rs. 20 crores and the issued, subscribed and paid-up capital of the Corporation stands at Rs. 10 crores as on the 30th June, 1974.

80. There has been no change in the ownership pattern of shares of the Corporation held by the various categories of shareholders during the year under report.

The distribution of shares as on the 30th June, 1974 was as follows :

	No. of shares held	Percentage of the total
Industrial Development Bank of India .. .. ..	10,000	50
Scheduled Banks .. .. ..	4,067	20
Insurance Concerns, etc. .. .. ..	4,314	22
Co-operative Banks .. .. ..	1,619	8
	20,000	100

#### Bonds

81. With a view to augmenting its resources, the Corporation made a Bond Issue in June 1974 for Rs. 7.25 crores which was fully subscribed.

#### Borrowings from the Central Government

82. As on the 30th June, 1973, loans outstanding from the Central Government stood at Rs. 69.47 crores. During the year under review, a sum of Rs. 0.18 crores was borrowed from Government under interest differential funds arising out of KFW loans and a further sum of Rs. 1.76 crores was borrowed from Government under the Hotel Development Scheme for financing hotel projects, and a sum of Rs. 5.35 crores was repaid. The balance outstanding at the end of the year was Rs. 66.06 crores. As in the previous 4 years, no budgetary allocation of funds was made for the Corporation this year.

#### Borrowings from the Reserve Bank of India

83. As in the past, borrowings from RBI were availed of for temporary periods during the year. As on the 30th

June, 1974 the outstandings under this head amounted to Rs. 77.50 lakhs, which have since been cleared.

#### Borrowings from IDBI

84. During the year the Industrial Development Bank of India granted financial assistance to the Corporation to the extent of Rs. 5.00 crores by way of subscription to Ad hoc Bonds.

#### Borrowings in Foreign Currencies

85. In August, 1973, a further loan of DM 8.00 million, being the twelfth line of credit, was allocated to the Corporation. As at the close of the year, the total amount of West German Credit made available to the Corporation including the above line of credit amounted to DM 136.50 million, against which the Corporation had sanctioned sub-loans to the extent of DM 135.72 million. DM lines of credit, which are now fully convertible can be utilised for the import of capital goods, engineering know-how and services etc. from countries such as USA, UK, Italy, France, Norway, Sweden, Denmark, Spain, Japan, etc., in addition to West Germany, except certain countries specifically named.

A further allocation of UK Credit to the extent of £ 1.00 million was made by the Government of India under UK/India Capital Investment Loal, 1974, the documents in respect of which would be completed shortly. With this allocation, the total amount of UK Credit made available to the Corporation by the Government of India amounted to £ 4.50 million against which sub-loans for an aggregate amount of £ 2.76 million have been sanctioned upto the end of the year.

The total value of French Credit available to the Corporation from Banque Francaise Du Commerce Extérieur, Paris amounted to FF 15.00 million and sub-loans sanctioned thereagainst totalled FF 14.38 million.

#### Sources from which Assistance given has been financial

86. Disbursements on loans and amounts paid on shares and debentures, upto the 30th June, 1974, aggregated Rs. 352.27 crores. This amount was financed from the following sources :

	(Rs Crores)	Borrowings from the Industrial Development Bank of India .. . . .	5·00
Paid-up Capital .. . . .	10·00	Foreign Credits .. . . .	46·26
Reserves .. . . .	20·46	Repayment of rupee loans, sale of investments, etc. .. . . .	110·54
Borrowings from the market by issue of bonds ..	93·17		
Borrowings from the Central Government ..	66·06	TOTAL .. .	352·27
Borrowings from the Reserve Bank of India ..	0·78		

## SOURCES AND USES OF FUNDS FOR THE PAST THREE YEARS

\*\*Includes Rs. 2·54 crores representing the amount due on account of defaulted deferred payment instalments, guaranteed and met by the Corporation in respect of one concern converted into equity shares, and Rs. 0·17 crores of outstanding loan amount converted into equity shares in respect of another concern where the condition of right of conversion was stipulated at the time of sanction of loan assistance.

## ACCOUNTS

87. The profit and Loss Statement for the year ending the 30th June, 1974 is given below :—

## PROFIT AND LOSS STATEMENT

	(Rs. Lakhs)	This Year	Previous Year
The year's working shows a gross income of .. . . . .		1776.52	1498.17
Deducting from gross income :			
(i) Interest paid on bonds and other borrowings .. . . . .		1006.52	917.13
—Other expenses and loss on sale of investments .. . . . .		216.35	129.11
And after providing for taxation .. . . . .		228.65	161.53
The net profit for the year is .. . . . .		325.00	290.40
The net profit of Rs. 325.00 lakhs has been appropriated as under :—			
(i) Transfer to General Reserve Fund .. . . . .		100.00	82.70
(ii) Transfer to Special Reserve Fund (under Section 36(1)(vii) of the Income Tax Act, 1961) .. . . . .		46.00	40.00
(iii) Transfer to Benevolent Reserve Fund .. . . . .		40.00	40.00
(iv) Transfer to Reserve for Doubtful Debts .. . . . .		78.00	70.00
(v) Transfer to Staff Welfare Fund .. . . . .		1.00	71.00
(vi) Payment of Dividend @ 6% on the paid-up share capital of Rs. 10.00 crores for the year .. . . . .		60.00	56.70
		325.00	290.40

*General Reserve Fund*

88. A sum of Rs. 100 lakhs has been transferred out of the current year's profits to the General Reserve Fund which now stands at Rs. 1100.00 lakhs.

In addition to the General Reserve Fund, there are the following Special Reserve Funds aggregating Rs. 565.78 lakhs.

(Rs. Lakhs)

(i) Special Reserve Fund under Section 32A of the Industrial Finance Corporation Act	100.00
(ii) Special Reserve Fund under Section 36(1)(viii) of the Income Tax Act, 1961	465.78
	<u>565.78</u>

The General and Special Reserve Funds aggregate Rs. 1665.78 lakhs.

There are in addition Reserve for Doubtful Debts amounting to Rs. 299.80 lakhs and Benevolent Reserve Fund amounting to Rs. 77.37 lakhs. The sum total of the Reserves held by the Corporation adds upto Rs. 2046.60 lakhs which exceeds the paid-up capital by Rs. 1046.60 lakhs.

*Special Reserve Fund under section 36(1)(viii) of the Income Tax Act, 1961*

89. A sum of Rs. 46.00 lakhs has been transferred from the profits of the current year on the basis of 10% of the assessable income as Special Reserve Fund under Section 36(1)(viii) of the Income Tax Act, 1961. This raises the balance to the credit of the Fund to Rs. 465.78 lakhs.

*Benevolent Reserve Fund*

90. A sum of Rs. 40 lakhs has been transferred out of the current year's profits to the Benevolent Reserve Fund under Section 32B of the Industrial Finance Corporation Act to be utilised as under :—

- (a) for meeting the cost of feasibility studies, project reports, market and techno-economic surveys and such other purposes which, in the opinion of the Corporation, may promote the development of industries;
- (b) in the field of development banking and in financial and industrial management—
  - (i) for undertaking and promoting research;
  - (ii) for training in India or abroad of personnel of financial institutions; and
  - (iii) for creating chairs in universities, academic institutions and research foundations;
- (c) for assisting projects promoted by technologists and new entrepreneurs—
  - (i) by subsidising the normal lending rate of interest of the Corporation in respect of loans or advances sanctioned to them;
  - (ii) by providing technical and managerial assistance to projects promoted by them especially in industrially less developed regions;
- (d) for rendering any assistance that may be ancillary or incidental to the aforementioned purposes.

*Reserve for doubtful Debts*

91. A review of the loan accounts as at the end of the year shows a satisfactory position. In view, however, of the large size of the operations of the Corporation, and the fact that schemes for rehabilitation of certain pro-

jects may take time to mature, the Directors have decided, as a measure of prudence, to transfer an amount of Rs. 78.00 lakhs to the Reserve for Doubtful Debts from the profits of the year under report. A sum of Rs. 51.20 lakhs was written off as bad debts from Reserve for Doubtful Debts during the year.

#### *Provision for Income-Tax*

92. The assessment proceedings in respect of tax payable by the Corporation for the accounting year ended 30th June, 1971 were finalised and adjustment thereof made in the accounts of the current year. However, the assessment-proceedings for the accounting years ended 30th June, 1972 and 1973 (assessment years 1973-74 and 1974-75) were not finalised by the close of the annual accounts. In respect of the accounting year ended the 30th June, 1974 sum of Rs. 228.65 lakhs has been provided in the accounts for taxation.

#### *Net Profit*

93. The gross profit for the year amounted to Rs. 553.65 lakhs. After providing Rs. 228.65 lakhs for taxation, the net profit amounted to Rs. 325.00 lakhs as against Rs. 290.40 lakhs for the year 1972-73. The appropriations to reserves amounted to Rs. 265.00 lakhs compared with Rs. 233.70 lakhs last year.

#### *Dividend*

With the transfer of Rs. 100.00 lakhs to the General Reserve Fund out of profits for the year, the total amount in the Fund exceeded the paid-up share capital

of the Corporation as on the 30th June, 1974 by Rs. 1.0 crore. As permissible under Section 32 of the IFC Act as amended, the Corporation has declared dividend of 6% on the paid-up capital in respect of the year ended the 30th June, 1974.

#### *Schedule attached to the Balance Sheet*

94. The schedule attached to the Balance Sheet gives particulars in respect of the following :—

(i) Debts due by concerns in which the Directors of the Corporation are interested as Directors.

(ii) Total amount of loans disbursed during the year to concerns in which the Directors of the Corporation are interested as Directors.

Of the loans aggregating Rs. 192.59 lakhs due from concerns in which the Directors of the Corporation are interested as Directors, loans for Rs. 120.43 lakhs were sanctioned prior to the dates on which the concerned Directors became the Directors of the Corporation and the balance of Rs. 72.16 lakhs after they became Directors of the Corporation which constituted about 0.4% of the total outstanding loans of Rs. 193.21 crores. The total amount of loans disbursed during the year to concerns in which the Directors of the Corporation are interested as Directors amounted to Rs. 70.63 lakhs.

#### **WORKING RESULTS FOR THE LAST FIVE YEARS**

95. A summary of the profit and loss account of the Corporation for the last five years is given in the following table :—

TABLE 17

*Board of Directors Chairman*

96. In terms of Section 10(1) (a) of the IFC Act, 1948, the Central Government appointed Shri C. D. Khanna, as the Chairman of the Corporation, *vide* their notification No. F. 2(90) IF. I/73 dated the 23rd April, 1974 for a further period from the afternoon of the 18th May, 1974 to the 21st March, 1975.

*Other Directors*

At the Annual General Meeting of the Corporation held on the 27th September, 1973, the following Directors were elected. Shri A. B. Majumdar was elected a Director under Section 10 (1)(c) of the IFC Act, 1948, to represent scheduled banks, vice Shri S. J. Utamsing; Shri R. M. Mehta was elected a Director under Section 10 (1) (d) to represent insurance concerns, investment trusts and other like financial institutions vice Sardar Santokh Singh, and Shri N. S. Sapkal was elected a Director under Section 10 (1) (e) to represent co-operative banks vice Shri N. A. Kalyani.

The Board place on record their appreciation of the valuable services rendered by Shri S. J. Utamsing, Sardar Santokh Singh and Shri N. A. Kalyani, while they were associated with the Corporation and extend their welcome to the new Directors.

*Meetings of the Board and Other Committees*

97. Twelve meetings of the Board were held during the year, seven in New Delhi and one each at Madras, Chandigarh, Calcutta, Hyderabad and Poona.

Three meetings of the Committees of the Board were also held during the year.

*Advisory Committees*

98. The number of meetings of the various Advisory Committees held during the year is as follows:

<i>Name of the Advisory Committees</i>	<i>Number of meetings held</i>
Chemical Process and Allied Industries	9
Engineering	10
Sugar	5
Textiles	6
Jute	2
Hotels (set up w.e.f. 1-12-1973)	3

These meetings considered applications for various types of financial assistance from 77 concerns. One meeting of the Steering Committee set up by the Advisory Committee (Hotels) to consider matters relating to the commissioning of a study of the market potential of the hotel industry was also held during the year.

The Corporation continued to maintain a panel of technical experts and consultants for various industries to have the benefit of their special expertise and to co-opt them where necessary, on the appropriate Committees as members.

*Offices of the Corporation*

99. With effect from the 1st September, 1973, the Branch Offices of the Corporation at Bombay, Calcutta and Madras were raised to the status of Regional Offices and the Delhi Division Office started working as a Branch Office. Five new offices of the Corporation were opened during the year. Offices were opened at Chandigarh on the 9th July, 1973, at Bhopal on the 16th July, 1973, at Cochin on the 1st August, 1973, at Jaipur on the 3rd October, 1973, and at Poona on the 24th June, 1974. With the opening of these offices, the Corporation has now seventeen offices including the Head Office. Steps are underway for opening an office at Nagpur.

100. While sanction and disbursement of financial assistance are being considered at the Head Office of the Corporation, substantial executive powers have been delegated to the Regional Offices/Branches for minimising references to Head Office on various requests from assisted concerns as also to shorten the time-lag between sanction and disbursement of loans. Such powers delegated to the Regional Offices/Branches relate to matters pertaining to investigation of title, legal documentation, recovery of interest and principal, sale of minor items of mortgaged assets, according permission for pledge/sale/

transfer of shareholdings, raising of deposits/unsecured loans etc. by them, insurance of mortgaged assets, refund/settlement of insurance claim amounts and several other such matters relating to operational aspects and follow-up.

To keep themselves abreast of the affairs and the performance of the assisted concerns, periodical site inspections of the projects are being carried out by the Regional Offices/Branches. Senior officers of the Corporation posted at its offices also serve as nominees of the Corporation on the boards of the assisted concerns.

As a result of such delegation of powers to Regional Offices/Branches as above, there has been considerable decentralisation of work in the Corporation.

#### *Progressive use of Hindi in the Corporation*

101. In pursuance of Government's policy regarding the progressive use of Hindi for official purposes, the Corporation is making efforts to promote the use of Hindi in the Corporation, to the extent possible. As in the previous years, the Corporation has brought out the Hindi version of the Annual Report on the working of the Corporation for the year ended the 30th June, 1973. In pursuance of the provisions of the Official Languages Act, 1963, the Corporation is releasing its Gazette notifications, press communiques, notices etc. both in Hindi and English. All letters received in Hindi are replied to in Hindi. One of the Management Committees constituted at Head Office meets as Official Language Implementation Committee (OLIC) once in three months, to watch the progress and take necessary steps for the progressive use of Hindi in the Corporation. The Corporation is also encouraging its staff to avail of the facilities for acquiring knowledge of Hindi, provided by the training classes conducted by the Ministry of Home Affairs.

A pamphlet titled "Sujhav Yojana" for internal circulation was also issued for the benefit of the staff. The Corporation also proposes to issue a few brochures in Hindi for the benefit of its prospective clients.

#### *Training of Personnel*

102. The Corporation is paying considerable attention to the various aspects of executive development. Its officers are deputed to various management institutions in the country and abroad. Thirty officers of the Corporation attended the courses conducted by the Bankers Training College, Bombay, National Institute for Training in Industrial Engineering, Bombay, Management Development Institute (sponsored by the Industrial Finance Corporation of India), New Delhi, Indian Institute of Management, Calcutta, etc. One officer attended a course on

Feasibility Study conducted by the Asian Productivity Organisation, Japan. Another officer attended the first Development Banking Course conducted by the Economic Development Institute of the International Bank for Reconstruction and Development, Washington, USA. In-company programmes were also organised for the officers at the Head Office. A workshop for the staff of the Madras Regional Office was also organised.

#### *Changes in Senior Management*

103. Dr. M. P. Khera joined as Technical Adviser in the Corporation on the 14th November, 1973.

104. Shri S. N. Pai, Officer on Special Duty was relieved of his charge on the 31st December, 1973 to enable him to join as Managing Director, Tamil Nadu Industrial Investment Corporation Limited.

105. Shri R. B. Mathur was promoted as Deputy General Manager with effect from the 1st February, 1974 and Shri M. S. Nagratha was promoted to the post of Assistant General Manager with effect from the 1st February, 1974.

#### *Auditors*

106. M/s. Ray & Ray, Calcutta were re-appointed by the Industrial Development Bank of India as auditors of the Corporation for the year ended the 30th June, 1974. At the Annual General Meeting of the shareholders of the Corporation held on the 27th September, 1973, M/s. Haribhakti & Co., Bombay, were elected auditors by the shareholders, other than IDBI, for the same period. M/s. Haribhakti & Co. will retire at the end of the year but are eligible for re-election.

#### *Acknowledgement of Assistance Received*

107. The Board wish to place on record their appreciation of the co-operation and assistance received from the various Ministries and Departments of the Government of India and from the all-India financial institutions. The Board are grateful to the members, who have served on the various Advisory Committees of the Corporation, for their valuable assistance and advice, and also to the non-officials, who have served as the Corporation's nominees on the Boards of Directors of the various assisted concerns. The Board also wish to express their appreciation for the loyal and devoted service put in by the officers and the staff of the Corporation during the year.

On behalf of the Directors

C. D. KHANNA  
*Chairman,*

## NOTES :

- No provision has been made for depreciation in the value of Investments held by the Corporation because it is felt by the Corporation that such depreciation is a normal incident of the business of a development bank.

NOTES (*contd.*)

2. Investments under Section 23 (1) (d) include a sum of Rs. 1,97,900/- in the equity share capital of a Company which has gone into voluntary liquidation and the Corporation is not likely to realise the full amount invested. No specific provision has been made in respect thereof.
3. It is considered that the 'Reserve for Doubtful Debts' and the amount standing to the credit of 'Interest held in Suspense Account' are sufficient to cover the doubtful loans, advances and Sundry Debtors.
4. 'Commitment and other charges accrued' include a sum of Rs. 43,857/- due from two concerns which is considered doubtful of recovery and is held in Suspense.
5. 'Sundry Debtors' include—
  - (a) a sum of Rs. 7,87,975/- recoverable from certain sub-borrowers on account of their additional liability in respect of instalments of principal repaid by them prior to the devaluation of the rupee in June, 1966. The amount is in dispute and considered doubtful of recovery. No specific provision has been made in respect thereof.
  - (b) a sum of Rs. 1,25,00,000/- being the amount due from a State Government in respect of the sale price of shares of an assisted concern sold to them under a Rehabilitation Scheme (see Note I to Profit & Loss Account). The sale proceeds are receivable in six annual instalments commencing from 1976.
6. No provision has been made in respect of liability for future gratuity payable to members of the Staff (amount not ascertained).
7. Previous year's figures have been regrouped wherever necessary.

## NOTES :

- During the year, a scheme for rehabilitation of an assisted concern which had been in default for many years was finalised. Under the scheme certain shares were allotted at par to the Corporation in satisfaction of its dues and were immediately sold at a price below the par value to a State Government. As a result of the scheme an amount of Rs. 1,12,02,053/- former by credited to the interest held in Suspense Account was transferred to Interest Account, a sum of Rs. 4,33,270/- formerly credited to Commitment Charges held in Suspense Account was transferred to Commitment Charges Account, a sum of Rs. 2,05,180/- being commitment charges due for earlier years and written off but recovered under the scheme was credited to Commitment Charges Account and a sum of Rs. 71,13,923/- was incurred by way of loss on sale of shares. The above amounts are included in the Profit & Loss Account under the respective heads.
- Apart from what is stated in Note 1, a sum of Rs. 21,63,706/- was transferred from Interest held in Suspense Account to Interest Account on recovery of the arrears of interest credited in earlier years to the former account.
- Interest does not include a sum of Rs. 1,67,26,635/- considered doubtful of recovery and held in Suspense Account.
- Interest has not been charged on certain accounts where court decrees have been obtained by the Corporation.
- Commission does not include a sum of Rs. 82,227/- considered doubtful of recovery and held in Suspense Account.
- Commitment Charges does not include a sum of Rs. 43,857/- considered doubtful of recovery and held in Suspense Account.
- Miscellaneous Income does not include Rs. 46,121/- on account of Incidental Charges considered doubtful of recovery and held in Suspense Account.
- Establishment Expenses includes a sum of Rs. 5,01,044/- on account of Dearness Allowance paid to Officers in respect of earlier years.
- During the year, the Corporation was appointed as an agent of the Government of India, Department of tourism, for follow-up and recovery of the loans aggregating to Rs. 5,25,66,357/- already granted to various Hotel Companies by the said Department under the Hotel Development Loan Scheme. 'Commission' includes a sum of Rs. 1,21,663/- by way of Commission earned by the Corporation in respect of the said Agency.
- Bad debts written off include a sum of Rs. 45,62,186/- ascertained to be irrecoverable on the take-over of certain assisted concerns under Government enactments.

APPENDIX H  
TERMS OF CONCESSIONAL FINANCE

(as on the 30th June, 1974)

With a view to providing greater inducement to entrepreneurs to spread out in relatively under-developed areas in the country, the Industrial Finance Corporation of India (IFCI), in supersession of its earlier announcements made in July 1970 and January 1972, has decided to liberalise and enlarge the scope of the scheme of financial assistance on concessional terms to industrial projects in such areas. The scheme would now cover all industrial projects—new, expansion or rehabilitation in the corporate as well as co-operative sectors, irrespective of their capital cost. The principal features of the revised scheme of concessional finance for units in identified under-developed districts/areas would be as under:

**1. Location:**

All industrial projects located/to be located in the districts in the various States or Union Territories selected for such assistance by the Central Government from time to time would be eligible for assistance on concessional terms.

**2. Scope of the Scheme:**

Concessional finance would be extended to all projects—new and expansion both in the corporate (limited companies) as well as co-operative sectors. Concessional terms would also be made applicable to assistance granted by the Corporation by way of rehabilitation finance to units located in notified under-developed districts on the same basis as applicable to new and expansion projects.

**3. Ceiling on Assistance:**

The overall ceiling in respect of loans extended on concessional terms from the Corporation individually, unless other institutions also participate and extend concessional finance upto Rs. 2.00 crores on a pro rata basis, has been fixed at Rs. 1.00 crore. The sum of Rs. 1.00 crore would, however, include outstanding rupee assistance, if any, already granted on concessional terms. Underwriting assistance from the term financing institutions including the Corporation would be made available at concessional terms upto a ceiling of Rs. 1.00 crore in the aggregate, irrespective of the cost of the project.

**4. Terms:**

(i) *Rate of interest*

As against the normal current rate of interest on rupee loans at 9½% and on foreign currency loans at 10% (with a rebate of ½% for punctual payments of instalments of interest and principal) lower rate of interest viz., 8% and 9½% respectively (with a rebate of ½%) would be charged under the scheme.

(ii) *Period of repayment of loans*

The Corporation's normal practice is to allow initial moratorium upto 3 years to an assisted concern before the repayment of the principal amount of the loan commences. In the case of undertakings in the under-developed areas, this period would be extended upto five years from the date of first disbursement of the loan, on a case to case basis, having regard to the projections of profitability and ways and means position of a concern. Likewise, against the normal period allowed for repayment of loans, the period in the case of projects coming up in under-developed areas may be extended on the merits of each case having regard to the concern's profitability potential and cash flow position.

(iii) *Promoters' contribution and equity-debt ratio*

A lower contribution than usual by promoters to the total project cost and somewhat liberal equity-debt ratio would be considered on the merits of each case having regard to the financial status and standing of the promoters, gestation period of a particular project, its profitability potential and other relevant factors.

(iv) *Participation in equity and preference capital*

Depending on the merits of each case, the Corporation would be prepared to consider participation by way of underwriting or otherwise in the share capital of an industrial concern located in under-developed areas to a greater extent as compare to projects located elsewhere.

(v) *Reduction in other charges*

In the case of Rupee Loans, 50% reduction would be made in the Corporation's normal charges in respect of commitment charge, non-refundable examination fee for processing of applications and legal charges. Fifty per cent reduction would also be made in the Corporation's normal charges in respect of underwriting commission.
